

## FIELD OPERATOR – LYNX ENERGY

Lynx Energy has an excellent opportunity for a **Field Operator** in our Redland area. We are seeking an individual with a high level of competence and professionalism to join our team as part of our day-to-day field and plant operations. This position is shift work – nine days on and five days off (80 hours per shift, with occasional overtime).

Lynx Energy is a private, intermediate gas production company with a key focus on gas-weighted assets in Alberta. Lynx Energy produces energy in a safe, responsible, and ethical way for our world. Empowering our people results in a genuine team who works with intention and ensures the sustainable development of our resources. We do this by nurturing an entrepreneurial culture with family and community values. Lynx Energy is an organization whose culture is expressed as one of interacting with others using candor and seeking win-win outcomes. Lynx is an intelligent and entrepreneurial culture known for living out strong family values. We are committed to approaching and achieving its mission in a disciplined manner exercising vigilance to capture opportunities for the benefit of all stakeholders. Lynx is proud of its culture that emphasizes an empowerment model of operating. **Lynx Energy cultivates the energy of our people to provide the energy for our world.**
